Discovery

12. A party may serve requests for information on any other party. All requests for information shall be made in writing by e-mail, and the requesting party shall follow the e-mail with a copy of the request sent by regular U.S. mail or other delivery service to all parties, unless the party receiving the request agrees to e-mail service only. To the extent that a request includes material designated as Trade Secret or Nonpublic under the Minnesota Government Data Practices Act, Chapter 13, an e-mail request is required only between the requesting and responding party. Requests shall be sent to the person(s) designated to receive data requests.

13. The responding party shall provide the requested information to the requesting party within ten business days of receipt of the request. In accordance with Minn. R. 1400.6100, subpt. 1, the day that the information request is received shall not be counted in the ten-day period.

14. Responses to information requests shall be submitted by e-mail, and the responding party shall follow the e-mail with a copy of the response sent by regular U.S. mail or other delivery service, unless the party receiving the response agrees to e-mail service only. To the extent that a response includes material designated as Trade Secret or Nonpublic, an e-mail response is required only between the requesting party and the responding party.

15. In the event that due to the volume or nature of information included in a response, the responding party is unable to send the response by e-mail, the responding party shall send the response by facsimile, regular U.S. mail or other delivery service so that the requesting party receives the entire response by the date due, including any material designated as Trade Secret or Nonpublic. Responding parties may utilize CDs to convey large volumes of data. If the response is sent by facsimile, the responding party shall follow the facsimile with a copy of the response sent by regular U.S. mail or other delivery service.

16. There shall be a continuing obligation to update and supplement information responses with any responsive material that may subsequently be discovered or acquired by the responding party. The responsive information shall be supplied to each party that requested it.

17. A party that wishes to receive e-mail copies of requests or responses shall notify the requesting/responding party, who shall provide the information in that format. If the request or response contains material designated as Trade Secret or Nonpublic information, the providing party may seek a Protective Order in this matter before providing the information.

18. In the event the information cannot be supplied within ten business days, the responding party shall notify the requesting party as soon as reasonably possible in advance of the deadline of the reasons for not being able to supply the information and agree on a schedule of compliance with the requesting party.

19. All disputes concerning the reasonableness of discovery requests and the timing and sufficiency of responses shall be resolved by the Administrative Law Judge upon motion of a party. Hearings on such motions may be conducted by telephone conference call.

Prefiled Testimony

20. Prefiled testimony shall be marked as an exhibit with the case docket number and offered for admission into the record at the hearing. A hard copy shall be provided for that purpose and, if the document has been previously e-filed, the offering party shall provide the unique E-docket identifying number. The Administrative Law Judge will assign a hearing exhibit number to the document at the time that it is offered into evidence at the hearing.

21. Prefiled testimony that is amended or not offered into the record shall be considered withdrawn and no witness shall be cross-examined concerning the withdrawn testimony. Any new affirmative matter that is not offered in reply to another party's direct case will not be allowed in rebuttal testimony and exhibits. Except for good cause shown, all revisions or substantive corrections to any prefiled testimony shall be in writing and served upon the Administrative Law Judge and the parties no later than three days prior to the commencement of the evidentiary hearing.

Order of Testimony

22. Unless the parties agree otherwise, the order of testimony shall be: the Applicants, intervenors, if any, in the order of intervention, and the Department. Questioning of the witnesses shall proceed in the same order, subject to change by agreement of the parties or further order of the Administrative Law Judge.

Examination of Witnesses

23. Witnesses shall be allowed ten minutes to summarize their prefiled testimony. For good cause shown, witnesses will be permitted to respond to any new matters not addressed in prefiled testimony through direct examination.

24. Parties shall examine and cross-examine witnesses through their attorneys, if the parties are represented by counsel. Any party not represented by counsel may examine and cross-examine each witness through any one representative chosen by the party.

25. Except for good cause shown, objections by any party relative to the qualifications of a witness or the admissibility of any portion of a witness's prefiled testimony shall be considered waived unless the objecting party states its objection by motion made to the Administrative Law Judge, and serves a copy of such objections on the parties, no later than **March 3, 2010**.

Procedure

26. The rules of the Office of Administrative Hearings and Minn. R. 7850.3100 *et seq.*, govern the conduct of the hearings, and the Professionalism Aspirations adopted by the Minnesota Supreme Court will be observed.

28. Prefiled testimony and exhibits may be in any reasonable format that is understandable, logically organized, and capable of being cited by page and line number, paragraph number, or similar identifier.

29. The parties have agreed to file all documents, including prefiled testimony, using the E-Docket system of the Public Utilities Commission, the Department and the Office of Administrative Hearings. Such e-filing constitutes service on those offices and upon any other party that has agreed to accept e-filing as service, as specified on the E-service list.

30. Documents or exhibits that can not be e-filed shall be mailed by U.S. Mail or delivered to the parties.

31. The effective date of filing shall be the date the document is e-filed, mailed by U.S. Mail, or delivered to the Administrative Law Judge. Parties using the E-file system must retain the unique document identifier as proof of service through that system. Proof of service shall be filed with each document or within three business days thereafter.

32. The original and one copy of each document shall also be mailed or delivered to the Administrative Law Judge and one hard copy shall be mailed or delivered to the Commission staff.

33. After the Administrative Law Judge's Report is issued, the parties shall file the original of all documents with the Executive Secretary of the Commission.

34. If trade secret or nonpublic data is filed with the Administrative Law Judge, it shall be prepared and marked in accordance with the Public Utilities Commission's September 1, 1999, Revised Procedures for Handling Trade Secret and Privileged Data. The procedures may be viewed at www.puc.state.mn.us/PUC/consumers/data-practices/index.html. The party submitting the data may request a Protective Order.
